**Better Never Stops**

22<sup>nd</sup> January 2021

Dear Parents & Carers,

I hope this finds everyone safe and well.

### **Home Learning**

Congratulations to you all on your fantastic Home Learning. We really miss all the children not in school and it is heartening to see snippets of their work from home. It must be incredibly challenging juggling everything at home and I am in awe of your efforts.

### **Food Bank**

Our food bank is open to anyone who needs it. You are welcome to collect from the office anytime. If you are in need of support for any reason, but cannot collect, please let us know and we will arrange a time to deliver.

### **Return to school**

There is still a lot of uncertainty about whether schools will fully re-open after half term. We hope to have staff testing in place from next week so hopefully that will help move things forward. In the meantime, we can only hope cases fall to safe levels as soon as possible. I will, of course, be in touch with you all as soon as we have details of how and when schools will re-open.

In the meantime, if there is anything we can do to help, please do not hesitate to contact us.

I hope you manage to enjoy something of a weekend.

Yours sincerely,

Mr Guy Walsh  
Headteacher
